

God bless our home. *Words by
Geo. Manwaring*

God bless our home: how sweet the prayer:
For all is love if God is there.
His heaven on earth where home affords
The peace that cometh from the Lord;
And naught but sweetest joy can come
If only God will bless our home.

God bless our home our humble plea
Shall oft ascend Oh Lord to thee
Let thy good spirit from above
Fill all our hearts with peace and love.
That we with faith may ever come
And claim a blessing on our home

God bless our home our humble home
That e'en if angels chance to come
They may be pleased awhile to stay
And bless us e'er they go away.
Teach us to live till Christ shall come
That we may dwell with Him at home.
