

Manwarings and Music

Manwaring relatives, we all know that George Manwaring was a poet and music writer. So was my mother, Marie Manwaring Anderson. Could you email me back with information of anyone in your line that you know of who wrote music? (To Larry M., didn't your mom compose music?). There will be a mini class on music at the reunion. I would be interested in finding out how musical the families are - so list you and your children who: write, sing, play piano or do an instrument.
